

Minutes  
GPAMA  
19 October 2022

Meeting called to order at 1813 by EW. Quorum present (EW PP CA MM RY). September minutes adopted as presented. Treasurer report \$363.50 in checking account. We donated \$60 to The Source. Green Council report was reminder of meeting this coming Sunday.

Old Business

We reviewed the draft endorsement policy as presented by Pete G. Two minor changes were suggested. The policy was adopted by consensus with the recommended changes. Text of policy will be provided separately. We reviewed activities regarding the Cardiel campaign. CA will reach out to people working on the campaign for more information. EW forwarded the campaign event e-mail by GPAMA. Peter presented his findings on the 200 Scholars group promoting proportional representation and shared the list of organisations involved with the effort. We concluded that the plan is about proportional representation for the two national major parties--we suspect a threshold for representation would be made high enough to exclude minor parties. A link was forwarded to attendees.

New Business

We began a discussion on the Green Party position on homelessness that included a discussion of zoning. Michal will send the excerpt on Housing and Homelessness from the GPUS Platform for distribution.

Announcements

None.

Meeting adjourned at 1950.
